

## Having the right gears can be a **lifesaver**.

At Schafer Gear, we've built our reputation on producing the finest quality gears available anywhere. So whatever your flavor of gear application, whether it's automotive, agriculture, or industrial, Schafer can provide you with durable and lasting components.

And with unique international capabilities like the ability to import ground beveled gears from Italy and machined forgings from India, Schafer can provide your company with the most complete engineering solutions for ultimate productivity. How sweet is that? So drop us a line today and find out how Schafer can help you.
